

E-INVOICES

We prepare complete e-Invoices, send them and return a delivery report to our clients.
No interruptions to your work process.

E-INVOICES

Custom e-Invoices

- EPPS arranges applications for the issuer of e-Invoices
- Sending into the bank exchange system and UJP (Public Payment Administration of the Republic of Slovenia)
- Sending e-Invoices to budget users, businesses and individuals
- Notification about delivered e-Invoices
- Notification about applications to the e-Invoices

WHY e-Invoices via EPPS?

- No interruptions to your work process
- We arrange all documentation and adjustments
- One method of data submission for issuers (for classic print or e-Invoices in xml format)
- Possibility of data storage in e-Archive

www.epps.si

We send more than

10,000

e-Invoices monthly.
